

## § 1956.22

submission and consideration of developmental, Federal program, evaluation, and State-initiated change supplements to plans approved under this part.

### **§ 1956.22 Procedures for evaluation and monitoring.**

The procedures contained in part 1954 of this chapter shall be applicable to evaluation and monitoring of State plans approved under this part, except that the decision to relinquish Federal enforcement authority under section 18(e) of the Act is not relevant to Phase II and III monitoring under § 1954.2 and the guidelines of exercise of Federal discretionary enforcement authority provided in § 1954.3 are not applicable to plans approved under this part. The factors listed in § 1902.37(b) of this chapter, except those specified in § 1902.37(b)(11) and (12), which would be adapted to the State compliance program, provide the basis for monitoring.

### **§ 1956.23 Procedures for certification of completion of development and determination on application of criteria.**

The procedures contained in §§ 1902.33 and 1902.34 of this chapter shall be applicable to certification of completion of developmental steps under plans approved in accordance with this part. Such certification shall initiate intensive monitoring of actual operations of the developed plan, which shall continue for at least a year after certification, at which time a determination shall be made under the procedures and criteria of §§ 1902.38, 1902.39, 1902.40 and 1902.41, that on the basis of actual operations, the criteria set forth in §§ 1956.10 and 1956.11 of this part are being applied under the plan. The factors listed in § 1902.37(b) of this chapter, except those specified in § 1902.37(b)(11) and (12) which would be adapted to the State's compliance program provide the basis for making the determination of operational effectiveness.

### **§ 1956.24 Procedures for withdrawal of approval.**

The procedures and standards contained in part 1955 of this chapter shall be applicable to the withdrawal of approval of plans approved under this

part 1956, except that (because these plans, as do public employee programs approved and financed in connection with a State plan covering private employees, must cover all employees of State and local agencies in a State whenever a State is constitutionally able to do so, at least developmentally), no industrial or occupational issues may be considered a separable portion of a plan under § 1955.2(a)(10); and, as Federal standards and enforcement do not apply to State and local government employers, withdrawal of approval of a plan approved under this part 1956 could not bring about application of the provisions of the Federal Act to such employers as set out in § 1955.4 of this chapter.
